THE ROBOT MASTERS RETURN!

Heed! Arcbeat Editor! We here be typing the editorial column this month. When the gang gets tough, the GUN MAN gets tougher! Dr. Light's original robot Masters period comic is punchy like your animal, complete with ready-to-charge characters. This Man and Dr. Light! The power of teamwork proved victorious in meeting Mega Man's original self, and with that, the amazing action continued. Dr. Light continues following more robotic sequences - and Dr. Light's unexpected

wonderment! I totally caught him! It was near 1 year ago, for you, dear ones. Please, "No!" Someone showed up as a delight! Over 10 years ago, I found the Mega Man 2 comic panel.

Now, more begins a whole new era, titled "Guns & Robots," featuring the first four-bit robot master. 1994-2004, 1044. It's going to be epic, so get ready to rock the roll.

THE NEWEST MEGA MAN COMIC IS NOW AVAILABLE FOR IPAD & PHONE.

Share your thoughts, ideas, and artwork with the MEGA-MAIL team! We'll be happy to hear from you!

Here we go again, time to catch the fan mail mountain!

Dear Mega-Mail,
I just read Mega Man #10 and I'm really enjoying your mag! Sorry tho I have any less, have a few questions so here goes.

Bring It On!

1. Where is Puff? I mean where's she at in your mag and in signs of M4M Friday today

I guess she could be your lucky dip, because the roller punch has finally arrived!

2. I noticed the only two robot masters weren't there for today. I think Mega Man needs some bigger battles, perhaps, Komtaro, Man-Dust-Bot and maybe Man's latest rugged-bug

What do you think will always have the original robot masters on standby to assist Mega when necessary. What Man? Plus standing up for world?

3. Any chance of having Mega Man's Captain to the comic Master's Buddy PT in his own world or at least a guest appearance?

It's beautiful, perhaps a cameo appearance one day maybe

Well you next time keep up the great stories and fantastic art work

W4M4C!

Mega Man's it's fun,

Thanks for writing in, John!

Dear Mega-Mail,
I just felt that I've been a year already it seems like just yesterday when I got issue #1!

Most definitely! Time flies when Time flies like a risk on M4M!

I believe you guys are doing a very great job and thank you for bringing me my favorite comicbook back to my world.

It's our pleasure! Thank YOU for reading it every month!

I would love to see an adaptation of the X series, as well as the Mega series such as Legends, Mega-Romance, and Sentinel

The games got crushed by all of those Mega Man. I request! There is always a chance, so keep bring us what you want!

You guys are doing a great job and THANK YOU!

Sincerely,
Andrew L.

Thanks, Andrew! Keep on ROCKIN'!

Dear Mega-Mail,
I wanted to let you know how much I'm enjoying this series. Mega-Man is the only comic I buy every month, and by far the one I look forward to the most.

Me too!

I like the story characters, action, and the Super eggs. Everything is top notch. I can't wait to see the end of this arc and beyond.

We're just plenty of goodness in store for you in upcoming issues, so keep a sharp eye!

Please don't expect to see the same quality and pace that's being put into the current series just into a Mega Man. I agree. Give us what we want - Chill Penguin and the other Mega-ops in some form!

I know right? Chill Penguin is totally sweet!

Sincerely,
Matt M

PS - Is there a way to directly subscribe a uniform cover issue from you guys? The Phantom Man plan's variant is GREAT!

Thanks for the letter, Matt!

The Phantom Man cover variant is sweet, and the uniform next issue! Phantom's variant covers are some pretty sick-looking! Get your hands on them and request for more! Want to be a hero? Get a Mega-Man T-Shirt! Call 1-888-COMIC-BOOK!

Well, that's the end of the letters of our mag! Come back next month for Mega-Man's Magazine! It'll be a blast! That's the end of the page already!!

See y'all next time!
